This year the team performed with the same vitality and spirit of cooperation which characterized the undefeated football team. Seldom have we had such a successful season; in hitting, fielding, and general "being on the toes" the team was outstanding.

Mr. Horton, in his first year as coach, did a remarkable job deserving of the highest congratulations, and he was most ably assisted by Mr. Greene and Mr. Lewis. As captain, Paul Fulton led the team both in playing and spirit, and he deserves the reward of success.

As in football the team was almost completely new, with only three lettermen returning from last year. Fulton, as shortstop, Maynard as first base and leading the hitting, Kidder as catcher, Harding on second, and Cutler on third formed a strong infield; Burbridge, as center fielder, was outstanding in the outfield, not to mention Glidden and Willis. In the pitching department Win Johnson and Cutler were excellent, and Pete Garland turned from the river to win the Belmont Hill game.

The season was packed with exciting games but unfortunately there is not space to mention them here. The second Belmont Hill game, and the St. Mark's and Groton games were especially close, and the much heralded encounter with undefeated Milton was nip and tuck all the way, with Milton squeezing out a one run victory.
